

# INTRODUCTION TO THE AIM

## (Accelerative Integrated Methodology)

**WEDNESDAY, November 9th, 2016**

*Please consider the following questions:*

- Would you like to see your students emotionally engaged in your language classroom, while speaking in French or Spanish (or the target language) all of the time?
- Would you like your students to achieve working proficiency in 100 to 150 hours of instruction?

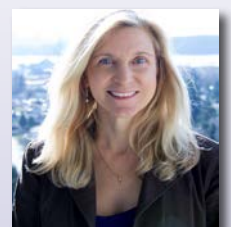

If your answer to one or all of these questions is “YES”, we hope you will attend this FREE upcoming AIM Language Learning workshop!

In this session, you will explore how to have FUN while you learn how AIM creates astounding results for all students. You will see how engaging classroom strategies blend with language acquisition theories and brain-based learning.
